CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Cattle Show Will Be Staged April 4-5

More than 100 specimens of finest beef and dairy cattle from eight counties will be displayed at the second annual Southeast Florida Livestock show at Belle Glade April 4 and 5, if the show lives up to expectations.

The growing meat rabbit industry also will be exemplified at the show which will be at the Mayo pavilion of the Everglades experiment station.

Beef and dairy cattle entries are limited to those of bona fide 4-H club, Future Farmers of America members and adult exhibitors from Dade, Broward, Palm Beach, Martin, St. Lucie, Okeechobee, Glades and Hendry counties.

The state extension service, with cooperation of county agents and vocational agriculture teachers of the eight counties is sponsoring the cattle exhibits. H. L. Speer of Pahokee, assistant Palm Beach county agent, will be in charge. April 1 is the deadline for cattle entries.

Rabbit displays will be sponsored by The Palm Beach County Rabbit and Cavy Breeders' association.

Seniors Will See Wonders Of State

The Pahokee High School Senior Class of 1950 started out early this Friday morning in a chartered Greyhound bus to celebrate annual "Skip Day" in a grand manner.

Instead of "playing hooky" and spending a day at the beach, as is the usual custom, this year's group of 35 seniors will enjoy a weekend of entertainment on an educational tour of the State of Florida. First they will go to Lake Wales to visit Bok Tower and from there to see the famed Cypress Gardens, then on to Deland to visit Stetson University and from there to Daytona Beach where they will spend the first night. From Daytona Beach they will travel north to visit the historic city of St. Augustine with a stopoff to see the wonders at Marineland Studio. Considerable time will be spent in Gainesville, visiting the University of Florida, then on for a gander at Silver Springs before returning home Sunday night.

The seniors will be accompanied on their wonderful trip by Miss Ruth Evans, class sponsor, who spent much time and effort in helping plan the itinerary; also by Herbert Miller, science instructor, and Mr. and Mrs. Dow Geiger.

Sunrise Service Planned For Easter

Preliminary plans are being worked out for a Sunrise Service to be held on the lake levee for residents of the Pahokee-Canal Point area Easter Sunday. Rev. Earl J. Jones, pastor of the Canal Point Methodist Church, will deliver the message. Other details of the service will be announced later.

Mrs. H. M. McIntosh returned home Sunday from a week's visit with relatives in St. Petersburg.

Leon Guthrie Is Candidate For Chief

Mr. Guthrie is a former member of the police force and served a year and a half as deputy sheriff in Martin County. In his announcement he promises fair and courteous treatment to all when he is elected.

Three In The Race For Police Chief

B. W. Wood qualified Tuesday as a candidate for the office of chief of police, increasing the number of candidates for this office in the Pahokee city election on May 2 to three. Leon Guthrie and Altman E. Morgan, present holder of the job, qualified to run last week. All three men have had wide experience in law enforcement work.

Two candidates have qualified to date for the office of city clerk, W. P. Walker, incumbent, and Clyde Alley, Pahokee High School coach. In councilmen's race also only two men have qualified to date, Robert E. Simonson and Loren W. Meredith and none had qualified to run for office of mayor Wednesday.

Louie Carter Runs For Court Clerk

I respectfully wish to announce as a candidate for re-election to the office of Clerk of the Criminal Court of Record and County Court in and for Palm Beach County, subject to May Democratic Primary 1950.

I wish to express my appreciation for the extraordinary vote and support heretofore given me and would sincerely appreciate your continued support in the Democratic Primary May 2, 1950.

On Thursday afternoon of this week Mrs. Dulany gave the final pre-employment tests at the Belle Glade Legion Hall for the 15 enumerators who are to be selected to take the census in the area assigned to her. It will be her responsibility to train the enumerators who pass the tests.

Next week Mrs. Dulany will make a geographical survey of the area assigned to her which includes the western part of Palm Beach County from the Martin county to the Hendry County line, and complete final preparations for the start of the census on April 1.

South Bay Sugar Concern Purchased By Columbia Coop

WEST PALM BEACH — The Okeelanta Sugar Co-operative Co. of South Bay was purchased Monday for \$3,100,000 by a Columbia, S. C., banking firm in a foreclosure suit.

Special Master Jack O. Johnson of Belle Glade, who handled the sale said the co-operative's liabilities totaled slightly over \$3,200,000.

J. P. Lawrence, president of the Columbia, S. C. bank for co-operatives, made the only bid. The bank held a mortgage for \$2,634,000 on a loan to the sugar mill for operating expenses and repairs.

Included in the purchase was 18,060 acres of sugar cane land south of South Bay, automotive and other equipment and the refinery.

Total assets were listed as \$3,455,749 by George E. Prince, court appointed receiver. Assets also included about 1,000,000 pounds of raw sugar in storage and the current cane crop.

Mayor and Mrs. T. C. Richardson are both ill at their home this week.

Registrations Are Up In Everglades

"Proof that Palm Beach County population is growing lies in the increasing County registration list of names, with each new registration raising the all-time record," according to County Registrar DeWitt Upthegrove.

"Total registrations in mid-week were 36,848, after removal from the list of cancelled or deceased voters," he said. "This compares with slightly more than 35,000 voters in the 1948 elections."

"More than 37,000 voters should be registered by the time books are closed April 1, for the May 2 primary election," he added.

Breakdown of the registrations in the Everglades follows:

Howes Family On Visit To Pahokee

Rev. and Mrs. C. T. Howes and children, Mary Ann and Daniel, of Clermont visited friends in Pahokee Sunday and Monday. The Rev. Howes, former pastor of the Pahokee First Methodist Church, was called to Pahokee Sunday to officiate at Uncle Tom Campbell's funeral. On Sunday night Rev. and Mrs. Howes were the guests of Mr. and Mrs. C. A. Major; Mary Ann, the guest of Myra Baxter, and Daniel, the guest of Earl Douglas Meredith.

Unsatisfactory Is Word Describing Bacom Pt. Work

County Commissioner Vice Chairman Paul Rardin of Canal Point Wednesday blasted the lack of progress in reconstruction of the Bacom Point road, from Pahokee to the county airport and won approval of the commission to send blistering wires to responsible authorities demanding "immediate action."

Rardin told the board that the progress on the Bacom Point road work was "wholly unsatisfactory." He asked the board to give County Engineer J. M. Boyd "even more authority, if that is possible, to see that the contract goes forward as scheduled."

Engineer Boyd confirmed Rardin's statement that the contractors had not carried on the work in a satisfactory manner. He said that on the board's instructions he would forward wires to the State Road Department in Tallahassee, Merrill Barber, Board representative in Vero Beach for this area, and even the contractors themselves—Reynolds and Smith, of Lake Placid, Fla.

The commission explained that the Bacom Point road, is a State project, but Rardin demanded that the county go all out to see that work on the highway, which links the Barfield Highway, at Pahokee with the Glades County Airport, be expedited. He charged the contractors with failing to put out sufficient lights at night on a dangerous roadway.

The contract was awarded by the State to Reynolds and Smith in November, Rardin said, and involves an expenditure of \$250,000. Work was to be completed in 270 days. County Engineer Boyd said that while there was agreement that the work was unsatisfactory, the contract was the usual state type which provides safeguards in the event the contractors are unable to carry out their agreement.

Commissioner Rardin, refused to go along with a motion which he felt would penalize homesteaders who are unable, for legitimate reasons, to file for homestead exemption within the limited time. When the board kicked around a move to resolve that no homestead exemption would not be granted after the April 1 deadline, Commissioner Kenneth Foster protested that it would be a hardship for the old and the ill. In reply to an argument that income tax must

News Notes From State Capital

TALLAHASSEE—Smoke clouds around the beverage department incident settled quickly. Julio Pelaez is roosting comfortably on the state industrial commission payroll, after leaving that of the state beverage department, and denying vigorously he had ever told C. V. Griffin he quit because he "wouldn't play ball in selling privileges for bootleggers and slot machine operators." Griffin, one-time friend of Governor Warren, retired again into silence after making the charge that Pelaez had quit because he didn't want to permit illicit operations. Pelaez advised reporters, in the company of Ted Smiley of the beverage commission that this wasn't so. He just likes the work better at the industrial commission, he said.

TALLAHASSEE—A long trial ended for the Florida State Bar Association when the supreme court of Florida finally issued its

order for the bar members to integrate, or in other words, join up. The court's rule requires every lawyer to join the state association or stop practice. Some 3,000 lawyers are expected to comply. The new integration rule follows procedure in many other states. Incidentally, University of Miami law school students surveyed Florida for possible shingle-hanging, found more lawyers per capita in Tallahassee (100, or one per 389 laymen) and fewest in Okaloosa county (Crestview) with one to each 4,167 persons.

TALLAHASSEE—Jerry W. Carter, four-term member of the Florida Railroad and Public Utilities Commission, will run to succeed himself in the June primaries. Carter also is Democratic national committeeman for Florida. He is a former state hotel commissioner, having served under Governor Catts, Hardee and Martin. He was

elected to the railroad commission in 1934, defeating four opponents, including the incumbent. Carter was re-elected three times since, with increasingly large majorities. In between times he made unsuccessful campaigns for governor and for the United States senate.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his opinion on the following subjects:

GOLF—Professional who does not play exhibitions comes within workmen's compensation law.

BARBER—Person may apply for enrollment in post graduate barber school course and at the same time apply for permission to take state examination.

PRECINCT—Party committeeman cannot serve unless he lives in precinct to be represented.

ASSESSMENT—Party executive committee making assessment is entitled to receive the money even though paid to secretary of state.

WRITE-IN—There is no provision on ballot for write-in of candidates for party committee member.

QUORUM—City commissioners present but not voting are not considered in determining majority.

COSTS—Unclaimed funds left with justice of the peace to secure payment of costs become property of state.

ISSUANCE—There is no specific legal authority for feeding persons locked up awaiting a sanity hearing.

TALLAHASSEE—The state barbers sanitary commission has been put on a business basis with with a new set of rules and policies. They are designed, according to J. W. Thompson of Jacksonville, temporary member of the commission, to eliminate any suspicion of commission activities.

TALLAHASSEE—All law enforcement officers have been called on by Governor Warren for a report on anti-gambling law enforcement. He issued an order recently to "use the full power of your office" to enforce all laws strictly especially those against gambling.

TALLAHASSEE—Welfare checks for the aged and dependent children are just now arriving in many West Florida sections, nearly two weeks late. State Comptroller C. M. Gay said his office did not receive lists of certified recipients until later than usual from the state welfare board, which in turn blamed a breakdown in machinery for the delay.

TALLAHASSEE—As calls for another special session of the Florida legislature came from school leaders and some lawmakers, Comptroller Gay warned Florida merchants they will be penalized this month if they are late in filing sales tax returns. He sent word to all dealers that they have had sufficient time to get acquainted with collection procedure, and told them they will face penalties after March 20 if they have not filed their returns.

Street Light Survey Made In Canal Point

A survey is being conducted in Canal Point under the sponsorship of the Canal Point Lions Club to determine how many residents are in favor of having street lights installed, according to a report made at the dinner meeting of the club Monday night by Grady Echols, chairman of the committee in charge of the project.

When the survey is completed the results will be turned over to the Florida Power and Light Company and the company will be asked to calculate the cost of supplying street lighting for the community. Since Canal Point is not incorporated some system will have to be worked out whereby each resident desiring the lights will share their monthly cost. Mr. Echols said, President A. R. Harrington presided.

Rainbow Girls Net \$137.60 On Dinner

The Pahokee Order of Rainbows meet Monday night in the Masonic Hall with Miss Vera Keen, worthy advisor, presiding. It was announced that the group netted \$137.60

from the turkey dinner they recently sponsored. Mrs. Ammons, worthy mother and the Rainbow Girls wish to thank all those who assisted in making the dinner a success. Plans were made to initiate Miss Donna Gail Jensen into the Order at the next meeting.

Handy and Easy Are Both Wrong

Handy Peterson and Easy Roberts got in quite an argument the other day over at Fred's Garage talking about the best spot to fish up at Green Lake.

"Opposite the old sawmill is the best spot," says Handy. But Easy "pooh-poohs" him. "I've seen the biggest fish caught off Cedar Point," says Easy. "I've been catching them there for years."

Then Fred goes into his office and brings out the biggest mounted rainbow trout you ever saw. "But that was caught at the sawmill," comments Handy. "Cedar Point,"

says Easy. "Well," says Fred, "you're both wrong. I caught this baby right out in the middle!"

From where I sit, there are always two (or more) sides to every story. Let's live and let live in the true American tradition of toleration. Your opinion is worth a lot, but so is the other fellow's—whether it's on politics, the best fishing spots, or whether he likes a temperate glass of beer and you like buttermilk.

What value
would you place
on your
telephone?

What value would you put on your telephone if you were to name your own price? What value would you place on those errands your telephone runs, all over town, in good weather and bad? What is it worth to chat with friends and relatives whenever you please . . . or to make a date for bridge or golf?

What value would you put on that hurry-up call to the family doctor . . . or on those important business calls you sometimes receive at home? What's the price tag on a familiar voice wishing you a heart-warming "Happy Birthday."

Probably you'd find it almost impossible to estimate the full value of constant dependable telephone service. When you think how much it does for you compared to what you pay, telephone service stands out as one of today's real bargains.

WORLD'S FIRST ANTI-RUST GASOLINE

CONTAINS RD-119*

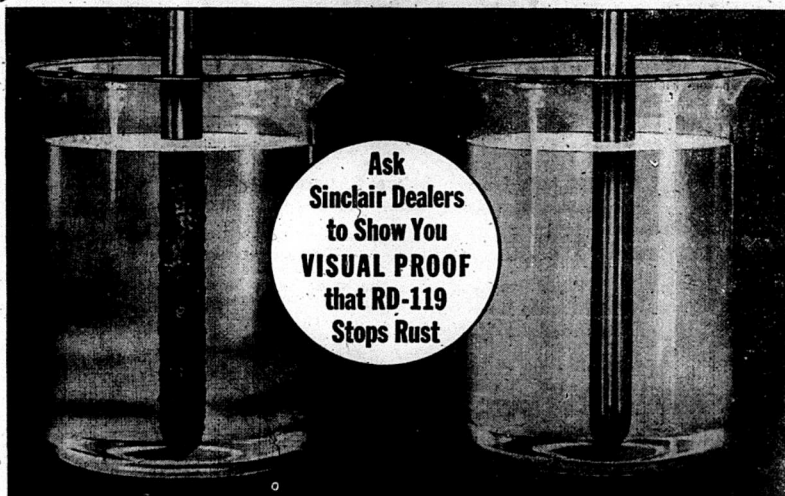

New Chemical Discovery Protects
Your Car's Fuel System Against
Rust and Corrosion

STOPS RUST in your gasoline tank
STOPS RUST which clogs fuel lines,
strainers, carburetor jets
REDUCES WEAR caused by abrasive
rust particles

WHY YOU NEED ANTI-RUST GASOLINE:

All gasolines contain minute quantities of water caused by moisture condensation. Result: Rust forms inside your gasoline tank. Rust particles, carried by the gasoline, clog fuel lines, strainers and carburetor jets—cause wear on precision parts in fuel pump and carburetor. The amazing new chemical, RD-119, in Sinclair Gasoline coats the inside of your car's fuel system with an invisible protective layer that prevents rust.

RUSTED IN ORDINARY GASOLINE—This steel rod is heavily coated with rust after immersion in ordinary gasoline in prescribed laboratory test. In test, a small proportion of water was added to the gasoline because all gasoline contains minute quantities of water caused by moisture condensation.

PROTECTED IN NEW SINCLAIR GASOLINE—This steel rod shows no rust after immersion in Sinclair Gasoline containing RD-119 in test identical to one at left. In the same way, RD-119 in the new Sinclair Gasoline stops rust and corrosion in the gasoline tank and fuel system of your car.

CHURCH OF CHRIST,
SCIENTIST

"MATTER" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, March 19.

The Golden Text is: "The grass withereth, the flower fadeth: but the word of our God shall stand for ever" (Isa. 40:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O earth, earth, earth, hear the word of the Lord" (Jer. 22:29).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "A correct view of Christian Science and of its adaption to healing includes vastly more than is at first seen. Works on metaphysics leave the grand point untouched. They never crown the power of Mind as the Messiah, nor do they carry the day against physical enemies,—even to the extinction of all belief in matter, evil, disease, and death,—not insist upon the fact that God is all, therefore that matter is nothing beyond an image in mortal mind" (116:11).

sics leave the grand point untouched. Amendment Gets Many Endorsements

TALLAHASSEE—Six statewide organizations have endorsed the Juvenile Court Amendment to the Florida Constitution, which will be subject to vote by the people in November. The organizations, with thousands of members, are the Florida State Bar Association, the Florida Children's Commission, the Florida Probation and Parole Association, the Juvenile Court Association, the State Junior Chamber of Commerce and the Florida Congress of Parents and Teachers. The Juvenile Court Amendment has been a long-time project of the Florida State Bar Association. It was approved by the legislature during its 1949 session, subject to ratification by the voters. The amendment will authorize the legislature to establish juvenile courts in the counties and define the procedure for handling criminal charges against children.

Minority Choosing All Public Officials

ORLANDO—Calling attention to the fact that a minority and not a majority of the people are electing public officials today because of the apathy of most people of voting age, Walter L. Hays, president of the Florida State Chamber of Commerce, called on civic leaders to get behind a campaign to get out the vote.

Pointing out that the time for registration is growing short, (April 1) Hays said, "We cannot afford to drift. We can get clean-cut answers from the people only when all of them participate in primaries and elections. Only in this way can we know what direction the majority wish to take, whether toward socialism or free enterprise. The issue is before Floridians today. We cannot settle it by being indifferent."

"It is the duty of every good American to register and vote whenever he is called on to do so."

Easter Cantata Scheduled In Pahokee

be paid on time, Foster, supported by Commissioner Rardin and Chairman Lake Lytal, said those people who are late in filing are usually old or ill and pay no income tax.

Rardin, Lytal and Foster combined to defeat the motion.

The vice-chairman also called to the attention of the board the recent court action over the topping of trees in the Glades area. He pointed out that in a motion he had submitted some months ago, the board had voted for a 14 foot top for trees, but that they had been cut by the state to three feet, arousing citizens who brought the court action. That action was compromised at 15 feet, and Rardin said the compromise was within a foot of his original motion and appeared to be entirely satisfactory to Glades residents.

Rardin reported on a recent meeting of the State Association of County commissioners, at which he was elected vice-president, and

reports were also submitted on other meetings and the board attendance Monday in Key West, which resulted in the postponement of the regular meeting from Monday to Wednesday, so Palm Beach county road proposals could be laid before the State Road department.

The vice-chairman concurred in a motion provisionally appointing Dr. C. L. Brumbach, of Oak Ridge, Tenn., to be the new head of the county health department. The appointment is contingent on the physician and a commission committee reaching an agreement when the former arrives here for a conference.

Commissioner Rardin joined with the board in assuring petitioners that the county is urging the state to take steps to protect motorists by installing traffic signals and stop signs on the county road system and even on State highways.

Mrs. Ruth Hicks was a patient at the Everglades Memorial Hospital the first of the week.

Final Rites Held For Blue Devil Fan

Funeral services for Thomas Ralph (Uncle Tom) Campbell, 61 were held at the Pahokee First Methodist Church Sunday afternoon, March 12, with Rev. C. T. Howes of Clermont, former pastor of the church, officiating. Rev. Howes was assisted by Rev. Ralph W. Todd, pastor.

Uncle Tom, whose health had been failing for the past year, died at the local hospital Thursday morning, March 9. He came to Pahokee in 1927 from Springfield, Mo., and practiced the carpentry trade in this area before retiring a few years ago. He was a member of the First Methodist Church in Pahokee.

Uncle Tom will long be remembered in these parts as an ardent fan and devoted friend of the Pahokee Blue Devil football teams. Whenever possible he was out for every practice session, went with them to the spring training camps, attended all the games at home and away from home and always had an encouraging word for "his boys" when prospects looked the darkest. Such a friend can never be forgotten.

He is survived by four daughters, Mrs. I. J. Frasure, Sr., and Mrs. W. G. McCoy of Pahokee, Mrs. W. I. Vaughn, Blue Springs, Miss., and Mrs. Harold Wilson, Claremore, Okla.; two sons, T. A. Campbell, Saginaw, Mich., and C. L. Campbell, Kansas City, Mo.; 19 grandchildren and 18 great grandchildren.

Active pallbearers were Coach Clyde Alley, Malcom Millar, S. D. Lindsay, Clarence Maxwell, H. C. Graham and Marvin Levins. Honorary pallbearers included the following Pahokee Blue Devil football players: John Ogle, Jack Thomas, Stanley Hooks, Billy Ray Mosley, Russell Sims, Leland Hughes, Junior Holmes and Charles Dickson.

Uncle Tom was laid to rest at the Port Mayaca Cemetery. Berry's Funeral Home was in charge of arrangements.
